Col. Rempel has thrashed his wheat crop, which made fifteen hundred bushels.

The Board of Visitors appointed by court, visited the Infirmary and Children Home last Tuesday.

Mr. Ham, Bishop of Kansas, who has been visiting in Logan will return home next week.

Major Doc. Williams intends starting next week for a visit to his father in Missouri.

Mr. Fox, foreman at Frank Kessler's, has gone to Birmingham, Alabama, to take charge of a large saw factory at that place.

Mr. John Morrison, a typo of the McArthur Democrat-Enquirer, visited Logan last Saturday and took in the show.

"Granger" presents some sensible views on the Congressional contest in this district, which will be found on the first page of this paper.

Miss McGary who made her home with Morgan Knobe, died on last Saturday. Her remains were interred on Monday.

The West Va. Fair will be held at Ft. Pleasant next month; beginning Aug. 26th, closing the 29th. The fair will be a favorable time to visit our Logan boys at work in Ft. Pleasant.

Open Air Meeting.

A 5 year old son of Mr. Henry Alexander, on last Saturday evening, while swinging on a large gate, fell and dislocated his right hip joint. Dr. Campbell was immediately summoned and reduced the dislocation, and made the little sufferer comfortable.

The mortal career of the Lancaster Daily Leader ended on last Saturday. It started to death. The spirit of Mortal is no longer glad. The Leader led and lived only two weeks.

Emmit Tompkins of Athens, invaded Rempelsdorf on Tuesday, and drove our favorite post master out, and established himself in his place. We wouldn't be surprised if those impudent Athenian politicians yet plant a wagon or a bale of hay, or a box upon the King's park in Rempelsdorf.

"Justice" lifts the curtain and gives us a slight peep at the schemers who have organized the coal syndicate, and who have crowded the Italian lazaretti into our coal mines. His article appears on the first page and is suggestive. We will hear from him again.

This locality is suffering from drouth. No rain has fallen here since the 4th. In the western part of the county no rain has fallen for the last seven weeks, and the pastures are drying up. The corn and potatoes have suffered to an extent beyond recovery.

Charley Bowen and the steward of the Penitentiary, passed through Logan on last Tuesday for the purpose of inspecting the brick made by McManigals at that place.

The institution wants three hundred thousand of superior quality and we hope they found the article they desired.

The Union Furnace brick are made of a peculiar clay, and are especially hard and tough.

During this term of drouth, the greatest precaution should be taken to prevent fire. In some parts of the town we are told that children are building bonfires on the streets, and recklessly carrying fags along the alleys, and striking matches on the barns and fences. This recklessness is criminal. The town is now a tinder box, and a thoughtless boy with a match "for the fun of the thing," might burn up the town.

The police should watch closely. A fire now is the destruction of the town.

Mr. John Tenehill has bought the Zintsmaster Bakery.

STARVED TO DEATH!

AN INMATE FROM THE INFIRMARY WANDERS FOR A MONTH THROUGH THE COUNTRY AND STARVES TO DEATH!

A Horrible Case.

On last Thursday, three children, Clara Snyder, her little brother and a girl named Clara Byert, were out hunting for some ducks that had strayed away, and found the body of a woman lying in a gully, in the woods, on the farm of David Shultz, about three miles south of Logan.

The Coroner was notified and an Inquest was held, the finding of the Coroner being that the woman came to her death from starvation.

From the testimony given in the case, we get these material facts:

The name of the deceased is Mary C. Burns, of Benton township. She was thirty-seven years of age. She was a woman of feeble intellect. On the 19th of February, 1883, she was adjudged insane and sent to the Asylum. On May 10, 1883, she was discharged as cured. Her father dying, she inherited property to the value of \$548. Hamilton Steele was appointed her guardian. On August 16, 1883, she was brought before Judge Ackers again, on complaint of the occurrence of insanity, but the Judge adjudged her not insane. On the 6th of September, 1883, she was placed in the Infirmary on a warrant from the Trustees of Benton township.

Mr. Nixon, the Superintendent, testifies that she left the Infirmary twice before. The first time he found her at the old home place in Benton township; the next time on the road to Logan a few hours after she had left. When she left the last time, Mr. Nixon was not at home. On his return he came to town and notified a clerk in the Grange store to be on the look out, and also requested Marshal Deahley, if he saw her to lock her up and send him word.

Mr. Rodman testifies that he saw her sitting under a tree by the road-side, about three weeks ago. About the same time she stopped at the house of a brother of Rodman's, and asked for water. She drank two quarts, then asked for bread. After she had eaten her satisfaction, she again went to the well and drank two more tincups of water. She inquired the road to Sater's, and to Leesboro, and then left.

No one, as far as can be ascertained, saw her since that date. In her bundle were several articles of clothing, seven dollars and ninety cents cash, pins, buttons, thread, quilt patches, and a variety of trinkets. Among other things, a colored card with her name, and bearing this mocking inscription—"Forget Me Not."—Mr. Nixon subsequently turned over notes to the Coroner, several hundred dollars, which he said he found in her bundle.

The theory is, that the poor creature becoming dissatisfied at the Infirmary, left it, and for fear of being seen and returned, she hid away from human sight, living on such scraps and crumbs and herbs she happened to find. Her bundle was lying under a tree about 40 feet from the place where her body lay, pressed down as though she had sat on it a long time. The gully showed signs of scrambling and struggling along, indicating that she was searching for water from a spring farther up. She lay on her side, with a stick of wood under her head for a pillow. Her body had several bruises, evidently from falls in her death efforts. Her stomach and bowels were entirely empty and contracted, and her body wasted to a mere skeleton.

Death from starvation! It is a horrible affair. We shudder when we read the trials of DeLong and his Arctic Explorers, and turn away and try to banish the thought of the agony his men endured as they slowly starved to death.

Here, within three miles of Logan, with means for her support left her by her father, with living relatives, and with a proud institution built by public charity for the care of such unfortunate, a woman wanders through the woods and starves to death. The imagination recoils, and the heart sickens at the thought.

We can all draw a long breath when we feel she wasn't our sister.

Mr. Low Hamlin has gone to Columbus, where he has been appointed to a position in the Adjutant General's Office. Mr. Hamlin is one of our most deserving young men and will reflect credit to his party, to his county, and be a useful man in the public service.

Mr. S. M. McMillen, editor of Marietta Times and his wife were visiting in Logan Tuesday, guests of Mrs. Lewis Hamlin, Mrs. M's sister.

With a view to Harmony, we are arranging to have a post office delivery in Oakland. Mayor Charles Workman will act as deputy and all those republicans who can not take their mail from Groveson's post master, will be offered the favor of getting it from Charles Workman. This scheme is all in the interest of Republican morality and harmony. Lots sold at remarkably low prices. The above is an advertisement and costs Jess Butin 10 cents a line.

We present elsewhere the Democratic platform. It is an able presentation of the issues, and will meet the approval of not only every Democrat, but of many of the intelligent and honest Republicans of the county.

Tell Timothy This Time.

Mr. John Fox of Marion does not brag on his wheat and rye, but he challenges the county to beat his timothy. He has presented with a bunch, as an average sample, which is seven feet high, the heads from five to seven inches long.

Burr Robbins' Show.

Last Saturday was a big day in Logan. The crowd of people in the town was the largest witnessed for years. The show was well patronized afternoon and evening.

A Horrible Case.

Bull Runners.

"He that fights and runs away, May live to fight another day." Last Monday was the anniversary of the battle of Bull Run.

We have among us three soldiers of that fateful day—Joe Haller, Phil Slisher and Wash Wyman. These soldier boys fought and were crowded back and caught in the panic of Congressmen and sight-seers who loaded down the army on that fatal day, but they rallied, and for four years after, fought through the war with distinction, and live to-day to have a pleasant reunion on the anniversary of the first adventure with the rebels.

In the evening the three veterans accompanied by a drum corps escorted the street. The pavements were lined with citizens whose cheers as the procession passed resounded like the battle cry of freedom and roused the sleepy police into anxiety.

The Sentinel displayed flags; Rebels exploded Greek fire and a regiment of Small Boys followed the procession.

A reunion meeting was held at Slisher's Hall, and an organization was effected with the following officers: President—Phil Slisher. Treasurer—Wash Wyman. Secretary—Joe Haller.

Col. Waddy addressed the meeting, after which the remark of the Governor of North Carolina to the Governor of South Carolina was suggested, and about midnight the veterans retired to their homes, glad they had seen Bull Run to live and laugh on its anniversary in Logan.

Millville Items.

Mr. S. Clark of this place is bullily engaged threshing with his steam thrasher. He reports the crop good.

A Company has been organized here and began the work of building a steam flouring mill. Mr. Martin of Lancaster is having his water mill repaired.

On last Thursday morning Mr. Noah Stinson while loading lumber at the depot, his team becoming frightened, in trying to stop them, was kicked and dragged some distance, and finally thrown violently upon a pile of rocks from which he was picked up in a terribly cut and bruised condition. Dr. Rutter was called and had him removed to his office where he rendered the necessary surgical aid. The Dr. informs us at this time that his wounds are healing kindly, and that his recovery will be rapid.

Mrs. Dr. Outley was stopping two days last week at the hotel. Elder McBroom of Guernsey county, closed a series of meetings here on last Sunday evening. The result of his able preaching was to administer the ordinance of baptism to five.

The colored Baptists are meditating holding a camp meeting in Judge Wright's grove early in August.
